

ENTER OUR GREAT CREATIVE RECYCLING COMPETITION

Do you want to have some fun and save money? Can you make something useful from stuff that would be thrown away? Put on your thinking caps and get creative.

Our creative recycling competition is open to everyone. Use your imagination, artistic or engineering skills to turn waste into treasure!

There will be prizes for everyone from under 5s to adults. Age Categories: Under 5s, 5-7, 8-11, 12-16, Adult

What about a storage or bug box? a toy? a garment? a garden creation? – the choice is only limited by your imagination and ingenuity.

To enter, download an entry form from www.sustainablethornbury.org or pick one up from Thornbury Library or Town Hall, complete the form and attach to your creation.

Please take your entries to the Chantry Office, Castle St, Thornbury between Monday 14th May – Thursday 17th May between 9-12 am or 7-8 pm (Or ring **01454 413431** for alternative arrangements).

Prizes will be awarded at 1pm at the Thornbury EcoFair.

Do the Green Thing - Have Fun and Save!

The EcoFair is being organised by Sustainable Thornbury with the aim of giving people more information about positive choices towards a low carbon future. The future may be uncertain but ST believes that we don't have to be gloomy – there are plenty of ways to live our lives and have fun – without costing the Earth!
