

Sustainable Thornbury AGM 20 June 2018

Report from Grow Your Own Food Group

During the last year numbers of members have stayed steady on our GYOF Yahoo group list 35 addresses receiving emails.

Also a steady group of 12 members have attended the monthly meetings - roughly 6-10 at each. Some others have attended occasionally. We were sorry to learn that Mary Stevens died earlier this year. Meetings are held at member's homes, The Chantry or on visits –see below. Thanks to all for their hospitality. We have also brought along seeds or plants to swap and advertised some other local gardening talks.

2017

May Predators (slow worms) and pests – Compton Greenfield
